

Health Careers Program

Exploring health careers students in the Midlands

Lexington & Richland Health Careers Academy for Middle and High School Students

Dates: Academy Runs from August to May (Summer Activities take place in June)

Time: We meet 1 to 2 Tuesdays a month for 1-2 hours

Location: Midlands Technical College Airport Campus (1260 Lexington Dr. West Columbia, SC 29170)

Room: Health Science Building—Auditorium or Lexington Hall Room 101

OPPORTUNITIES

The Health Careers Academy (HCA) Exploring health careers with high school students every month
(Application for admission required)

*Monthly classes held at Midlands Technical College Airport Campus in Lexington Hall room 103

** Receive up to 2 units of high school course credit

- Soft-skills based curriculum, including communications skills
- Exposure to lessons in math, science, medical terminology, and anatomy and physiology.

*Primary meeting site is MTC; however, classes and/or activities can take place off site. All classes convene twice a month on a weekday evening. Academy in session from August - May.

**Students may earn 1/2 unit of health science work based-credit for each year of Academy completion. Students can participate in the HCA as early as grade 9.

Join in activities that promote academic success, career development and personal growth:

- Explore popular and uncommon health careers
- College and health professions preparation
- Mentoring and academic advising
- College and health facility visits
- Service learning and community service projects
- Pre-health skills building and career shadowing
- Online learning opportunities
- Take home assignments
- Collaborative and encouraging learning environment
- Resources to support students and parents
- ... and MORE!

FOR EDUCATORS AND COUNSELORS: Health Career Lessons Available to You - Contact us to learn more!
AND... Invite us to your school to share health career presentations and activities with your students!
