## Program Description

This program will help participants accurately and consistently prioritize emergency patients using a systematic approach. The participant will be able to describe the process of emergency triage, as well as the qualifications and roles of a triage nurse.

The learner will be able to stratify patients into the five triage levels based on acuity and resources. And lastly, the learner will be able to predict resources required for those patients who can safely and more efficiently be seen in fast track.

**Cancellation Policy:** Registrations are accepted until class is filled. Registration assures placement, materials and notification if class is canceled. Registration is not complete until money is received along with the registration form. Written cancellation received two (2) weeks prior to the program date will result in a 50% refund. Cancellations received later than two weeks prior to the program, or failure to attend the program, are not refundable. Your responsibility is to notify staff development if you cannot attend. Substitutions are permitted.
